The mayor of Toba

Hello, Everyone.

I am Kusuichi Kida, the mayor of Toba.

Toba is the easternmost city of Mie Prefecture. It has great landscapes with four inhabited islands and ria coastline in addition to beautiful seafood taken by traditional Ama divers and fishermen. Also, wonderful maritime facilities, such as Mikimoto Pearl Island, Toba Aquarium, Toba Sea-folk Museum, are located here.

With the aim of making Toba even better for both permanent residence and sightseeing, I will continue to do my best.
